Professional Profile

I am a dedicated and skilled professional with experience in frontend web development and computer network systems. Through my attachment at the Kenya National Assembly and voluntary service at Plan International, I have gained expertise in frontend web development tools (html, CSS, JavaScript), network administration, database querying with MySQL, software installation and maintenance, data entry, and end user support. I am known for my excellent skills in UI/UX design. Using figma, I develop wireframes and interactive prototypes after thorough persona journey mappings. With a strong educational background in Computer Science and CISCO networking certifications, I bring technical prowess and a commitment to excellence in all aspects of my work.

Key Skills

√   JavaScript: successfully crafted dynamic and interactive web applications using JavaScript

√   UI/UX design with figma (prototyping, persona journey mapping and frameworks): Developed user authentication pages, landing pages and splash screen for applications.

√   Html and CSS: Successfully applied CSS style rules to html tags to create visually appealing, responsive and consistent websites.

√   MySQL: Efficiently used MySQL to implement challenging database queries and optimize the performance of existing databases.

√ Workstation Setup: Efficiently set up workstations for new employees, optimizing the onboarding process and enhancing productivity.

√   Network administration: Successfully configured and maintained computer networks for various departments, ensuring seamless communication and data transfer.

√ Software Installation and Maintenance: Skilled in installing and maintaining computer software, ensuring systems are up-to-date and functioning optimally.

√ Data Entry and Management: Accurate and efficient in performing data entry tasks, organizing and storing crucial information effectively.

√   End User Support: Provided prompt technical assistance and support to colleagues and employees, enhancing work efficiency and user satisfaction.

Work Experience

Aug – Oct 2021, Computer Systems and IT Attachee - Kenya National Assembly

√   Successfully maintained and updated the existing parliament website to bring out its best performance using my expertise in frontend web development and database maintenance.

√   Efficiently set up workstations for new employees, resulting in a streamlined onboarding process and increased productivity.

√   Successfully used MYSQL to optimize database performance and undertake various admin functions.

√   Demonstrated proficiency in hardware and printer maintenance and repair, resulting in minimal downtime and cost savings by avoiding outsourcing repairs.

√   Successfully installed and maintained computer software, ensuring all systems are up to date and functioning optimally.

√   Received positive feedback from colleagues and supervisors for prompt and effective troubleshooting, resolving various technical issues in a timely manner.

May – Oct 2019, Volunteer - Plan International

√   Accurately and efficiently performed data entry tasks, ensuring the proper organization and storage of crucial information.

√   Used Microsoft excel to transform data into insightful graphs, charts and dashboards. This resulted into provision of valuable insights for decision making and reporting purposes.

√   Effectively handled SCs' and sponsors' data, ensuring confidentiality and data integrity.

√   Successfully managed photography tasks, producing high-quality images for various purposes such as identification tags and promotional materials.

√   Provided end user support, promptly assisting colleagues and employees with technical issues and inquiries, resulting in improved work efficiency and user satisfaction.

√   Received recognition for attention to detail and accuracy in handling and organizing data, ensuring reliable and accessible information for decision-making processes.

Education

√ 2018 – 2023, BSc. Computer Science - Maseno University

√ 2021, CISCO Networking certifications

√ 2014-2017, Kenya Certificate of secondary education - Alliance high school
